

DutchWare™

Whoopie Hook™

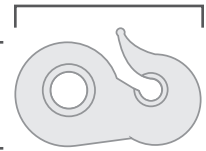

for rigging hammock suspension

A Whoopie Hook attaches to a Whoopie Sling made from 7/64" Amsteel line* on the adjustable loop. The hook attaches to a hammock by means of a small continuous loop, also made from 7/64" Amsteel line. The Whoopie Hook doubles as a stopper bead on the sling.

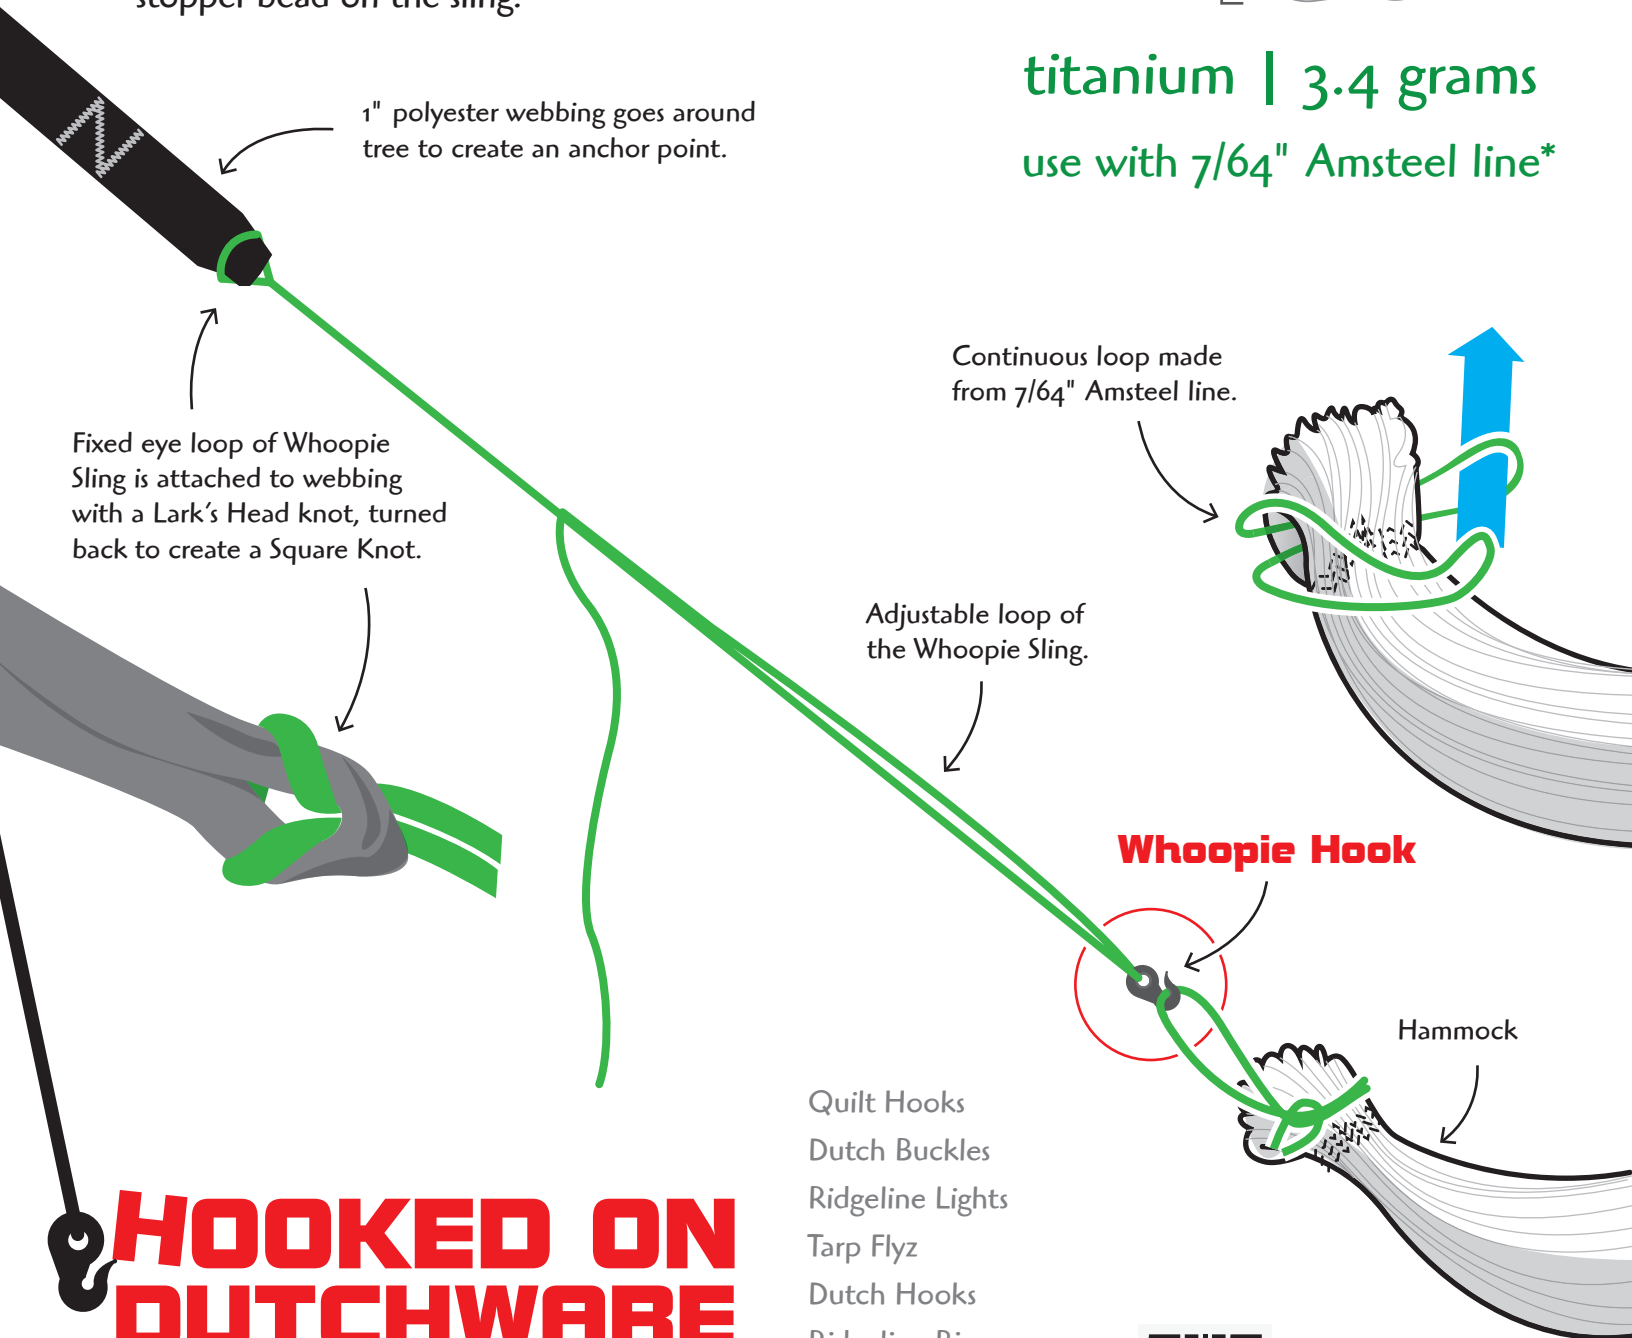

1 in. (2.5 cm.)

5/8 in.
(1.6 cm.)

titanium | 3.4 grams

use with 7/64" Amsteel line*

1" polyester webbing goes around tree to create an anchor point.

Fixed eye loop of Whoopie Sling is attached to webbing with a Lark's Head knot, turned back to create a Square Knot.

Continuous loop made from 7/64" Amsteel line.

Adjustable loop of the Whoopie Sling.
